

RPGA Infraction Report Form

Infractions of the *RPGA General Rules* must be entered into the RPGA Penalty Database and become a part of a player's permanent record. The Senior GM for and event must complete this form and return it with any other relevant information pertaining to the infraction. If you feel that the infraction warrants further RPGA investigation and/or penalties, please contact the RPGA policy administrator at

rpgagm@wizards.com as soon as possible. Please provide a separate form for every individual involved in an infraction. Please include interview notes in the section provided or attach any relevant documents to the form if you need more space. Please make your notes as clear as possible to aid in our processing. We highly recommend keeping a copy of the completed form for your records.

Check one:

Warning **Session Ejection** **Play-Area Ejection**
